

Thursday 7th June

Thank you

We would like to thank the PSA for our new book carousel which is in the library. It will contain chapter books for the Infants to choose from.

Safety Outside School

I would like to remind parents that we would appreciate it if they did not reverse down the road or complete 3-point turns when they drop off or pick children up. A child in Y6 had a close shave earlier this term, when a car was reversing up the lane and did not see her. Please try to ensure that nothing like this can happen again.

Ties

Summer finally seems to have arrived so from now on, children not wearing summer dresses may go without ties if they are wearing a short sleeved shirt.

Please also remember to ensure your child has a water bottle and hat in school. We are not allowed to apply sunscreen to the children so applying the "once a day" stuff before school is probably the easiest option.

We have had reports that there are quite a few ticks about, so please check your children if they have been playing outside at all

Thank you
